Smart Architectural Systems

F-800 Folding Doors Series

Smart Architectural Systems series of folding doors (F-800) provides an effective solution to maximize available space inside residential or commercial properties, while maintaining the aesthetic appeal.

Anantara Residences, The Palm Jumeirah

Subtle hinges, concealed running gear and handles fitted in line with the frames ensure uninterrupted views when the door is closed with a flushed bottom track delivering a seamless threshold.

F-800 Folding Doors Series

Anantara Residences, The Palm Jumeirah

F-800 series of folding doors are available in various configurations with inward and outward openings. Choice of panels includes all folding left/right or bi-parting.

The series provides a system that slides smoothly with minimal effort while supporting multiple panels in a single opening.

F-800 series uses high quality European accessories designed specially for Smart F-800 system.
